

WEST CORK

— IRISH — WHISKEY

RUM CASK

Single Malt Irish Whiskey patiently matured in first fill Bourbon casks & finished in Consorcio Licorero Nacional rum casks. Non chill filtered and no added colour.

43%

TASTE

Roasted flavors like coffee, toast and chocolate coming through, with a dry finish.

AROMA

Notes of honey, vanilla, caramel and chocolate on the nose. Slight fruit, but more a combination of fresh and dried.

WEST CORK

— IRISH — WHISKEY

WEST CORK IRISH WHISKEY IS PRODUCED, DISTILLED, MATURED AND BOTTLED ON-SITE AT WEST CORK DISTILLERS, AND SELLS IN OVER 70 COUNTRIES WORLDWIDE.

Each bottle is Triple Distilled, Non-Chill Filtered and carefully crafted using the finest of Local Ingredients.

We don't say it about ourselves, but it has often been said about West Cork Distillers that it is a place built and run by the people, for the people. Formed in 2003 by childhood friends, John O'Connell, Ger McCarthy and Denis McCarthy, distilling began in a room at the back of Denis' house in Union Hall with two small stills.

As our business expanded, the decision to relocate was made in 2014. Much of this distillery equipment was hand-built as needed, such as the Rocket, reported to be 'the fastest still in the world' at the time.

Today, we operate out of a 12 acre site in Skibbereen, west Cork. The distillation capacity has increased to 4 million litres of alcohol in 2020 and we employ over 80 people.

As a growing company, we are committed to providing sustainable employment to this unspoiled part of the world we call home.

West Cork itself has a proud history in artisan food and beverage production and we intend to uphold this fine reputation. We source the best of ingredients locally where possible and rely on many local service providers to deliver our product worldwide.
